INTRODUCTION

Skull Games Inc is a 100% Veteran founded and operated 501 (c) (3) non- profit organization.

Our team has been professionally working in counter sex trafficking for over a decade. After supporting other organizations, in June of this year we decided it was time to venture off on our own. We've taken the best practices and time tested techniques and created something unique.

Victims of sex trafficking deserve nothing short of our undivided attention.

Skull Games Inc consists of our full time staff and the organization that undergirds an incredible grassroots volunteer Task Force that spans the United States.

Skull Games Task Force members work collaboratively online and from various locations across the country to support our law enforcement partners.

PROBLEM

Women, children, and vulnerable populations are being sexually exploited by predators across the U.S. and Law Enforcement is woefully under resourced in combating this complex crime.

SOLUTION

Employ a comprehensive counter sexual exploitation offensive that leverages the experience, capability, and capacity of the Skull Games Task Force, with the access, placement, and expertise of our vetted partners.

We've created something that is scalable and we can expand throughout the United States and the world.

OUR STORY SO FAR

SKULL GAMES INC MISSION

Skull Games Inc provides analytical and operational support to Law Enforcement Agencies engaged in counter sex trafficking operations.

Sex trafficking is a form of Commercial Sexual Exploitation and includes a wide range of often linked sexual abuses where individuals buy, trade, or sell sexual acts in exchange for something of value or the promise of something of value.

OPPRESSORS BEWARE

SKULL GAMES TASK FORCE

Skull Games Task Force uses Open-Source Information (OSINT) to IDENTIFY sex predators and their victims by creating leads that enable law enforcement to INTERDICT the cycle of abuse and EMPOWER survivors of trauma to pursue a life of hope, healing, and freedom.

OUR 3 FOCUS AREAS

1 IDENTIFYING predators and their prey

Identify predators to enable Law Enforcement to interrupt the cycle of exploitation throughout the United States and help victims pursue a life of hope and freedom.

2 INTERDICTING predators for pleasure and predators for profit

Directly supporting Law Enforcement to arrest sex predators. Provide Law Enforcement with actionable leads to offer victims a path to freedom and arrest, prosecute, and imprison sex traffickers. Assist LE in conducting effective and efficient counter sex trafficking operations.

3 EMPOWERING communities with purpose

Provide training that will reduce the likelihood of anyone being exploited by a predator and making themselves less vulnerable. Help the community better understand sexual exploitation and better recognize who is being exploited in their community and who the predators are. Coordinate with other agencies that provide aid and assistance to survivors of sexual exploitation and help victims and their families on their journey to rebuilding and restoring their lives

WE HUNT PREDATORS.

LE AGENCIES SUPPORTED

OUR 2024 STRATEGY

We've only just begun.

- We will continue to offer 24/ 7 intelligence and operational support to our vetted law enforcement partners with more LE partners added monthly.
- We will expand the Task Force accepting quarterly applications and hosting HUNTS throughout the year
- Continue building trust with funders, supporters, and beneficiaries
- Protect the vulnerable, defend the disadvantaged, and empower people to fulfill God's plan for them
- Free the Oppressed

TESTIMONIALS SURVIVOR / HUNTER

I can't put into words just how amazing this group of people are. Being a part of the Skull Games task force has introduced me to some of the greatest people God has to offer. People from all walks of life. Law enforcement, military, OSINT professionals, and survivors turned hunters! We do what we do not for any praise or notoriety but because we are actually helping some of the most vulnerable women. I am honored to be part of this ever-growing group and I am excited to watch the growth continue. Thank you to all the volunteers for what you've done and continue doing. To all the women still out there, we see you! We are coming. And to the traffickers, watch your back, we are coming for you.

This is the work I love.

This is my battle cry.

And this journey is my healing.

WHAT LAW ENFORCEMENT IS SAYING

Partnering with skull games was very eye opening and rewarding experience. They are very knowledgeable in what they do and take the time to teach the skills needed to continue to work on your own after working with them. My department and I feel very confident in the ability to run our own operation now. I highly recommend having them come out and work with your agency, you won't regret it! Joe is the best in the business and knows his stuff and has no problems sharing his knowledge! When it comes to leaning about the sex and human trafficking game, Joe and Skull Games is where it's at.

We need your help.

- We want to create a stable and predictable source of funding in 2024 so we can expand to more cities and states across the United States.
- We've established some standard levels of giving with a goal number of supporters in each level. If we can achieve this goal, we will have enough to expand our programs in accordance with our 2024 Strategic Plan.
- Our Iron supporters are our back bone, the Task Force, the deep base of support that everything else is built upon.

WE THANK YOU
FOR THE CONTINUED SUPPORT IN
